CERAMIC for LUXURY

Eternal Beauty of Marble

Marble, revered for centuries, stands as an epitome of timeless elegance and opulence. Each slab tells a unique geological tale, with veining that weaves its own narrative of natural artistry. Beyond its aesthetic allure, marble boasts exceptional durability, making it a cherished choice for flooring, countertops, and intricate architectural details. Its cool, smooth surface brings a touch of luxury to any space, creating an ambiance of refined grandeur. With a legacy that spans millennia, marble continues to be a symbol of enduring beauty and a testament to the enduring marvels of the earth's crust.

Sophistication**

Crafted By Nature, Perfected
By Design. Marble The
Epitome Of Luxury.

Exclusive High Gloss Marvel

Embark on an extraordinary journey with our high gloss surface tile designs, a tribute to nature's resplendent beauty. Each tile is a canvas of luminescence, reflecting the vibrant artistry inspired by the natural world. The high gloss finish is not just a finish, it's a statement - adding a touch of unique brilliance to any space. Step onto floors that gleam with singular splendor and let walls exude a radiance that is exclusively their own. With our high gloss surface tiles, discover a world where nature's grandeur meets a touch of the extraordinary, creating spaces that are, in every sense, one of a kind.

High Gloss

Super High Gloss Grandeur Unleashed

Introducing a new standard of luxury with our Super High Gloss surface tile designs. These tiles are a symphony of brilliance, reflecting light to perfection, and creating an unmatched visual impact. The Super High Gloss finish not only amplifies every detail but also infuses an air of opulence and sophistication into any space. Experience floors that shimmer with unparalleled radiance and walls that emanate a breathtaking shine.

Mastercrafted Excellence

Experience the pinnacle of craftsmanship with Blackberry Tiles pvt.ltd. tiles. Each tile is a testament to our unwavering commitment to quality, precision, and innovation. From the selection of premium raw materials to the final finishing touches, we leave no stone unturned in ensuring excellence.

Technology Partners

R&D Partners

Advanced Technology

Delivering high-quality products that exceed industry requirements requires a thorough understanding of the technical nuances involved in making tiles. Manufacturers can create tiles that last in a variety of architectural settings if they have a firm grasp of tile materials, production methods, and quality assurance procedures.

High Quality

**Technically Superior Surfaces
For Effortless Living**

Fine Art Tile

The term "GVT PGVT" refers to ceramic tile that has been artistically adorned. They are commonly utilised as ornamentation in private residences, hotels, and other buildings. Depending on the material, they can serve both functional and aesthetic purposes.

TILES FIXING INSTRUCTIONS

1. Plaster the surface of the floor where the tiles will be laid with smooth finish and complete the plastering and curing at least two weeks prior to laying. 2. Before fixing BLACKBERRY tiles, lay them out in the desired pattern and make sure that they give an acceptable blend of colour. Please note that certain amount of shade variation is inherent in the manufacture of fully Vitrified ceramic tiles. THE COMPANY WILL BEAR NO LIABILITY AFTER THE TILES ARE FIXED. 3. The company bears no responsibility towards the tiles exposed to any outside process like transfers, printing, firing etc. 4. For fixing BLACKBERRY tiles we recommend the use of tile fixing adhesives for best results. Also follow the fixing instructions provided along with the adhesives. 5. For fixing BLACKBERRY tiles on the floor, using sand and cement, follow the instructions given below: (a) Use cement and sand mortar in the ratio of 1:4. Add some water to create a consistent paste. (b) Once the mixing has completed do not add any further water and use the same within one hour. (c) Apply a 20-30 mm, layer of bedding material over an area of 1 square meter at a time on the surface of the area. Apply a fine slurry to the back of the tile to ensure proper and full bedding. Press gently for even adherence at the back of the tile. DO NOT USE AN IRON HAMMER OR SOME HEAVY MATERIAL TO PRESS THE TILE. 6. For fixing BLACKBERRY tiles on Dado, we recommend the use of tile fixing adhesive with proper troweling method for 100 per cent coverage behind the tiles and for peerless bonding. Please follow the manufacturer's instructions for the same. We do not recommend the use of sand and cement for fixing on Dado. 7. Make and lay out the tiles from the center of the area to be laid so that cut tiles, if any, will be on the outer edges towards the walls. 8. The work size which we try to maintain for better technical performance is 600mm x 600mm, 600mm x 1200mm on average. It is advisable to maintain a gap of 1 mm to 2 mm between every two tiles to allow for possible expansion as per BIS/EN tolerance norms. 9. Complete the laying process by pressing the cut BLACKBERRY tiles firmly into place along the walls/floors. 10. Allow 3-4 days for bed curing. After this period fill the joints with grouts. Usage of grout sealant is recommended for keeping the grout free of dust. 11. Fifteen minutes after finishing the grouting process, wipe off excess grout with a damp sponge and polish the tiles with a soft and dry cloth for a clean surface. The tiles can also be cleaned with a mild acid (However, Hydrofluoric acid and its derivatives should not be used). 12. Please note that the company does not accept any liability in case of problems arising out of non-adherence to these fixing instructions.

Kindly look for the arrow (⇒) on the back of the tile and follow the laying pattern as shown in Pic-1:

Nothing in these instructions is a Substitute for Good Workmanship and Supervision

Size-able Showcase

The intricacies of size and design affect the whole outlook and we understand your concern about the size specifications quite well. Also, the design that's uniform and long-lasting has a greater impact on your investment. Choose BlackBerry Tiles and you need not worry about anything. Just let us know what you need
