**BLACKBERRY
TILES^{PL.}**

CERAMIC for LUXURY

Artisanal Mastery Unveiled

Carved tile finish, a testament to the artisan's skill and a celebration of intricate details. Each tile tells a story of craftsmanship, with patterns that dance in symphony. Beyond its visual appeal, it adds depth and texture to your space, creating a unique tapestry of artistry. Elevate your surroundings with the enduring legacy of carving tile finish, a fusion of tradition and innovation in every square inch.

Intricate Carving Delight

Crafted By Nature, Perfected
By Design. Carving The
Epitome Of Luxury.

Carved to Perfection

Exquisite Precision Practise

Embark on a journey of refined sophistication with our intricately carved tile finish, a tribute to the mastery of artisans. Each tile is a testament to precision, showcasing patterns inspired by timeless craftsmanship. The carving finish is not merely a texture, but a work of art - adding a touch of unique sophistication to any space. Step onto floors that exude an air of opulence and let walls showcase a heritage of craftsmanship that is exclusively their own. With our carving tile finish, experience a world where tradition meets a touch of the extraordinary, creating spaces that are, in every sense, one of a kind.

Mastercrafted Excellence

Experience the pinnacle of craftsmanship with Blackberry Tiles pvt.ltd. tiles. Each tile is a testament to our unwavering commitment to quality, precision, and innovation. From the selection of premium raw materials to the final finishing touches, we leave no stone

Technology Partners

R&D Partners

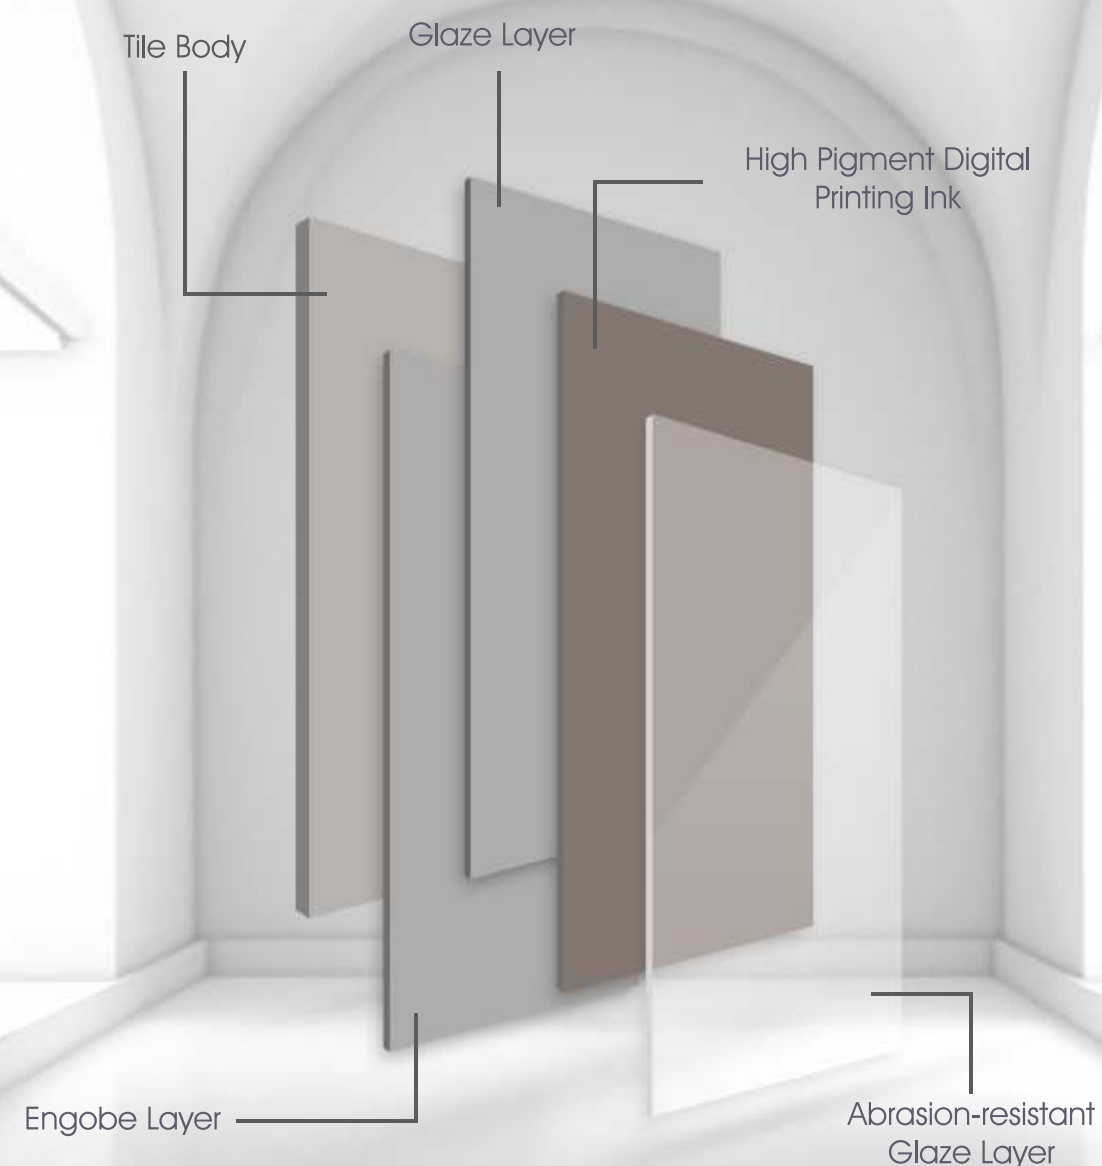

Advanced Technology

Delivering high-quality products that exceed industry requirements requires a thorough understanding of the technical nuances involved in making tiles. Manufacturers can create tiles that last in a variety of architectural settings if they have a firm grasp of tile materials, production methods, and quality assurance procedures.

High Quality

**Technically Superior Surfaces
For Effortless Living**

Elevate Your Space!

Carving tile finish is like a beautiful artwork on tiles. It adds detailed elegance to a space, making it look special. These tiles are not just pretty, they also serve a practical purpose. They can be used in many different places because they're so versatile.

Cutting Specifications

Cutting with disk
In order to do a correct cutting into one slab 12mm (1/2") it is recommended the use of segmented cutting disks and specifications as described below.

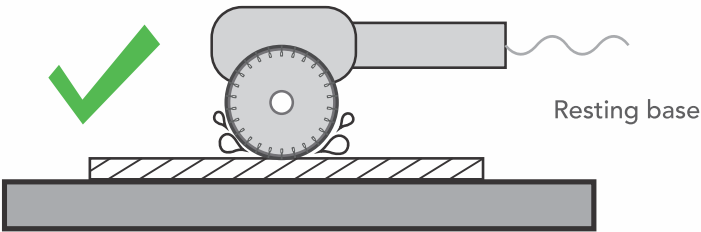

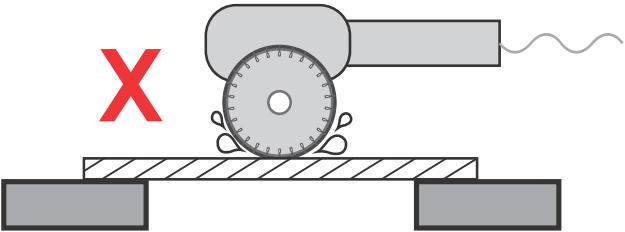

Disk diameter	RPM	Cutting speed (m/min)-(feet/min)
300 mm - 12"	2600 rpm	1/2 m/min - 4 feet/min
350 mm - 14"	2300 rpm	1/2 m/min - 4 feet/min
400 mm - 16"	1900 rpm	1/2 m/min - 4 feet/min

To ensure correct finishes, it is recommended lowering the speed at both ends to 25% 0.3m/min - 1 feet/min. If the cutting also requires beveling it is also recommend to slow the speed in the cutting path to 0.6 m/min - 2feet/min.

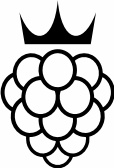

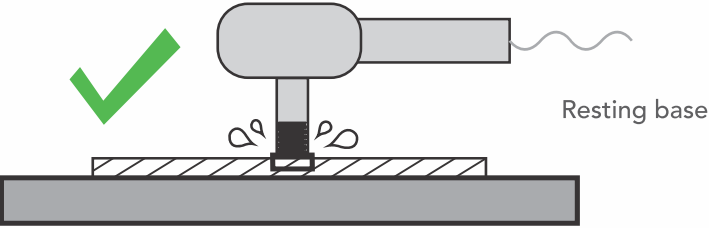

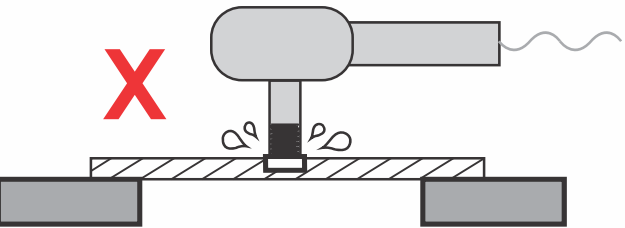

In order to avoid stress into the slab, it is imperative the use of cutting surfaces that are perfectly levelled and good disk refrigeration. The disk must have a direct application to the cutting edge with refrigeration liquid or water during all the operation.

For inner cutting, as it has been said before, is mandatory the prior drilling at the corners to ensure a 5mm - 3/16" radius. Therefore, the drill must have 10 mm - 6/16" diameter or more.

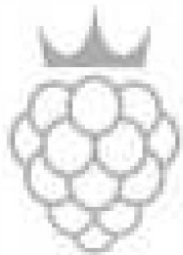

Cutting

Drilling

Size-able Showcase

The intricacies of size and design affect the whole outlook and we understand your concern about the size specifications quite well. Also, the design that's uniform and long-lasting has a greater impact on your investment. Choose Blackberry Tiles and you need not worry about anything. Just let us know what you need
